## ***Minutes of the DSI meeting in Rijeka – May 9-10***

This transnational meeting respected the Agenda prepared by the Fakultet zdravstvenih studija Sveučilišta u Rijeci.

During the meeting, partners presented and discussed their experiences in DSI.

Gilberto Marzano (Ecoistituto) reported the contents of the materials collected by partners (EU documents on DSI, best practices, stakeholders suggestions, etc.).

Partners presented and discussed the lists of needs and requirements of a curriculum on DSI for social educators that they prepared.

From the discussion emerged the need to include in the curriculum ethical aspects related to the use of digital technologies.

Partners agreed that the Mezirow's transformative learning theory could effectively support the professionalization of social educators and their competence acquisition in DSI.

Partners discussed the organization of the short training course in Greece, organized by INCLUDE.

They decided to prepare a presentation of their project activities.

Ecoistituto agreed to prepare a presentation on "computational thinking".

All partners declared to be very satisfied with the results achieved in the meeting.
